

Material Exchange

DIVERT WASTE

REDUCE COSTS

DRIVE CHANGE

THE PLATFORM

Material Exchange facilitates the exchange of material between businesses and non-profit organizations to divert waste from landfill, support local communities, and move towards a circular economy.

HOW IT WORKS

Businesses and non-profit organizations provide information about material they would like to offer or receive. Staff then facilitate interactions between participants to realize and promote successful exchanges.

1 SUBMIT

Submit key information about your material online:
partnersinprojectgreen.com/material-exchange

2 CONNECT

- Connect with non-profit organizations who can accept your material for reuse
- If the material is not reusable, you are connected with recyclers

3 EXCHANGE

- Select your preferred organization to work with
- Determine terms of agreement (i.e. transport, logistics, etc.)
- Exchange the material to divert it from landfill

4 PROFILE

- Share and profile your success story with our community through social media, news stories, and case studies

RESULTS (2014 - 2022):

18,800 - TONNES AVOIDED

\$3 MILLION - VALUE OF MATERIALS DONATED
